

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

STATE OF ALABAMA,  
TREASURY DEPARTMENT

Montgomery, Ala., Nov. 8, 1922

Hon. Thos. E. Kilby,  
Capitol.

Dear Sir:

In compliance with the requirements of Subdivision 8, Section 624 of the Code of 1907, I beg to submit report covering the transactions of this office from October 1st, 1921, to September 30th, 1922.

The transactions embraced by this report were during the administration of my immediate predecessor, Judge R. L. Bradley, who died on October 6th, before the report was completed and as his successor, I am making the report for the period named. The State has lost in Judge Bradley a faithful official and while he has been deprived of a part in the clerical activities of the office by ill health for nearly two years, his fidelity to duty was such that he came to the office almost daily until a short time before his death.

It will be noted from the condensed statement that the transactions of this office have greatly increased during the last two administrations and particularly the last two years, which increase during the latter period is caused largely by the sale of the Highway Bonds and the increased receipts for that department from Auto License and refund from Federal Aid to match State funds in road construction, also the tonnage tax and other increased revenues. This has more than doubled the work in the office during the eight years.

For the fiscal year ending September 30th, 1914, the receipts from all sources were \$6,607,001.12 and for the fiscal year just closed, \$15,353,681.22, an increase of \$8,746,680.10. The disbursements for the fiscal year ending September 30th, 1914, were \$6,575,696.51 and for the fiscal year just closed were \$15,429,191.76, an increase of \$8,853,222.25. The increase in both receipts and disbursements was nearly two and one-half times greater for the last eight years. The work is being done in the office now with a force the same in number as that employed eight years ago,

J. E. Kilby, Dept. of Archives - 2-28-44.

and with the exception of a small increase in pay of two employees, the salaries are the same.

There is in the treasury vault \$500,000.00 4½% Funding Bonds issued under authority of an Act of the Legislature of Alabama approved February 17th, 1919, that were never sold. There is also in the vault \$1,300,000.00 State Highway Bonds issued under an Act of the Legislature approved September 30th, 1919, amending Article 20 of the Constitution, which Act was declared unconstitutional by the Supreme Court of Alabama, hence, the bonds were never sold. Some authority should be given by the incoming Legislature to record and destroy these bonds, as they will never be used.

In clearing away many records from the old vault that were transferred to the basement to make room for those of later dates, I found a large number of canceled Alabama Bonds taken up under the refunding Act approved February 16th, 1895, and amendatory thereto approved September 16th, 1899, due 1906. I also found in this vault some Savannah and Memphis Railroad Bonds and some Mobile and Alabama Grand Trunk Railroad Bonds. I suggest that one of the examiners be assigned to the duty of investigating the status of these bonds and if they are of no value some authority should be given for their record and destruction.

Section 4575 of the Code requires Domestic and Foreign Insurance Companies to deposit with the State Treasurer certain securities to be held in trust for the benefit of policy holders. Since the adoption of this Section, the Department of Insurance has been created, having entire jurisdiction over insurance matters with the exception of the securities deposited under the foregoing Section, which are held by the Treasurer. When insurance companies desire to deposit new securities or withdraw those on file, the requests are presented to the Treasurer, who has to refer the matter to the Commissioner of Insurance before any action can be taken on such requests. This often causes delay, is a duplication of work with the growing demands upon the time of the clerical forces in both offices, and is a divided responsibility that should be avoided. Some legislation should be had to simplify the machinery by which these securities are handled.

This report would not be complete without calling attention to the efficiency of the clerical force that has been employed in the office during my administration as chief clerk. These clerks have worked at extra hours, often depriving themselves of the lunch hour to properly discharge the duties assigned them. Such has been the interest they have taken in the performance thereof.

Very truly yours,

GEO. W. ELLIS,  
State Treasurer.

1001-1500 June 1, 1931.....	500,000.00	
1501-2000 June 1, 1932.....	500,000.00	
2001-2500 June 1, 1933.....	500,000.00	
2501-3000 June 1, 1934.....	500,000.00	
Aggregate.....	\$ 3,000,000.00	\$ 135,000.00

## ARTICLE XI

213. After the ratification of this Constitution, no new debt shall be created against, or incurred by this State, or its authority, except to repel invasion or suppress insurrection, and then only by a concurrence of two-thirds of the members of each House of the Legislature, and the vote shall be taken by yeas and nays and entered on the Journals; and any act creating or incurring any new debt against this State, except as herein provided for, shall be absolutely void; provided the Governor may be authorized to negotiate temporary loans, never to exceed three hundred thousand dollars, to meet the deficiencies in the Treasury, and until the same is paid no new loan shall be negotiated; provided further, that this section shall not be so construed as to prevent the issuance of bonds for the purpose of refunding the existing bonded indebtedness of the State.

## NOTICE

Holders of coupon bonds, who may wish to have them converted into registered bonds, or a transfer of the registered bonds, must present the same at the State Treasury at least ten days before the first days of January and July of each year; thereby enabling the Treasurer to issue and properly distribute checks for the semi-annual interest accruing on said bonds on the respective dates named.

There is a fee of 50c per thousand for the transfer of all Alabama State Bonds.

**RECORD OF RENEWAL CLASS A COUPON BONDS, EXCHANGED  
FOR REGISTERED BONDS, AS PROVIDED UNDER ACT AP-  
PROVED FEBRUARY 18TH, 1895, AND ACT AMENDA-  
TORY THERETO, APPROVED FEBRUARY 16TH, 1899.**
